EXPERIENCE

Full Stack Developer

Metave

📅 May 2024 – Sep 2024   📍 Casablanca - Morocco

- Built a SaaS application using Next.js and Node.js.
- Developed Express.js API endpoints for efficient data handling.
- Styled responsive UI with Tailwind CSS.

Content Moderator

TelePerformance

📅 Dec 2024 – Dec 2025   📍 Casablanca, Morocco

- Reviewed user-generated content (UGC) to ensure policy compliance.
- Identified and actioned harmful content (spam, hate speech) to maintain platform safety.
- Assessed user reports and escalated complex cases per protocol.

EDUCATION

BA Linguistic Stream

Sept 2021 – June 2024

📅 University Hassan II   📍 Casablanca - Morocco

Monograph title: Transforming Higher Education: Harnessing Artificial Intelligence for Enhanced Learning Experiences in the Humanities

Software Engineer - Fundamental

ALX Africa

📅 Feb 2023 – Apr 2024   📍 Casablanca, Morocco

Completed a one-year ALX Morocco software engineering program alongside my linguistics degree, mastering time management. Projects in algorithms, systems programming, and web/mobile development (C, Python, TypeScript, Rust, React, Next.js, Flutter) led to a startup internship.
